CAREER OBJECTIVE

A passionate Computer Science student with hands-on experience in full-stack development and Generative AI. Skilled in building LLM-powered applications using LangChain, Claude API, and Ollama, with a strong foundation in prompt engineering and agentic AI workflows. Eager to contribute to innovative AI-driven products and grow at the intersection of software engineering and artificial intelligence.

EDUCATION

- | | |
|--|------------------|
| •Bachelor of Technology in Computer Science and Engineering | CGPA: 9.43 |
| Vardhaman College of Engineering, Shamshabad | 2022 – 2026 |
| •Intermediate (MPC), Telangana Board of Intermediate Education (TGBIE) | Percentage: 98.9 |
| TSRJC Boys, Sarvail | 2020 – 2022 |
| •Tenth Class, Telangana Board of Secondary Education (BSET) | CGPA: 10.0 |
| Sri Vyshnavi High School, Kodad | 2020 |

ACADEMIC PROJECTS

- LangChain + Ollama API with Streamlit UI | FastAPI, LangChain, Ollama, Streamlit
Full-Stack LLM Application
 - Built a full-stack LLM application with a FastAPI backend serving LangChain-powered text generation.
 - Integrated Ollama (LLaMA 3, DeepSeek) locally for private, efficient inference without cloud dependency.
 - Developed a Streamlit frontend UI to consume the API and deliver a user-friendly chat interface.
- Medicore360 – Healthcare & Patient Management System | Angular, .NET, SQL Server
Full-Stack Healthcare Platform
 - Built a full-stack healthcare platform to manage patient records, appointments, and billing workflows.
 - Developed RESTful APIs using .NET with role-based authentication and secure session management.
 - Integrated Entity Framework and optimized SQL Server queries for scalable and efficient data operations.
- Insurance Premium Calculator | ReactJS, Spring Boot, MySQL
Full-Stack Insurance Application
 - Developed a full-stack application to calculate insurance premiums dynamically.
 - Designed RESTful APIs and reusable UI components for scalable architecture.
 - Integrated MySQL for secure and efficient data storage and processing.

INTERNSHIP

- Dot NET Full Stack Angular Intern
Software Development Internship
– Developing enterprise-level web applications using .NET, Angular, HTML, CSS, and JavaScript.
– Designing and consuming RESTful APIs while ensuring scalable and maintainable architecture.
– Collaborating in an agile environment to build and enhance real-world applications.
2026
COGNIZANT
- AI Builder – Claude Code & Prompt Engineering
Generative AI Development
– Built AI-powered applications using Claude Code, leveraging agentic coding workflows for rapid development.
– Designed and refined prompts using advanced prompt engineering techniques including chain-of-thought, few-shot, and role-based prompting to optimize LLM outputs.
– Integrated Claude API into full-stack projects to automate tasks, generate structured outputs, and build intelligent features.
– Built automated AI agents using n8n, connecting LLMs with external APIs, webhooks, and tools to create end-to-end intelligent workflows.
2025 – Present
Self-Initiated

TECHNICAL SKILLS

Languages: C++, C, Python, Java, Javascript, HTML5, CSS3
Libraries: C++ STL, Python Libraries, ReactJs
Web Dev Tools: Nodejs, VScode, Git, Github
Frameworks: ReactJs, Angular, Spring Boot, .NET
Cloud/Databases: MongoDB, Relational Database (MySQL)
AI/ML: Machine Learning Basics, Pandas, NumPy
Generative AI & LLMs: LangChain, OpenAI API, Claude API, Ollama, Prompt Engineering, Streamlit
AI Agents & Automation: n8n
Relevant Coursework: ServiceNow, Data Structures & Algorithms, Operating Systems, Object Oriented Programming, Database Management System, Software Engineering.

SOFT SKILLS

Leadership Qualities, Problem Solving, Self-Learning, Quick Learner, Consistency

CERTIFICATES

-
- **Smart Coder Course** – Smart Interviews
 - **SQL** – Udemy
 - **Frontend Development** – Infosys Spring Board
 - **Cloud Computing Internship Certificate** – NIELIT

ACHIEVEMENTS

-
- **MassMutual India Intern:** Selected as an Intern at MassMutual India, where I contributed to developing an Insurance Premium Calculator using ReactJS and Spring Boot, gaining hands-on experience in full-stack application development within an insurance domain.
 - **Student Affairs Cell:** Core member of Student Affairs Cell, developed registration site and organized Technovista.
 - **LeetCode:** Achieved rating of 1434 on LeetCode with ID `_22881A05F7_`.
 - **CodeChef:** Rated 1402 on CodeChef with ID `ajay_0380`.
 - **HackerRank:** Achieved 3 badges on HackerRank with ID `_22881A05F7_`.

EXTRACURRICULAR ACTIVITIES

-
- **DSA Mentor | Smart Interviews:** Mentored and guided 110+ students in Data Structures and Algorithms, ensuring strong problem-solving skills and consistent performance improvement.
